

IB Biology 1 and 2 - 2008 - Calderwood

Read the section of the Campbell's textbook on ecology and answer the syllabus questions provided. You can obtain these questions through Mrs. Calderwood or in the YHS Library.

Design a lab to estimate a population using the quadrat method and build an appropriate quadrat.

If you have any questions over the summer you can reach me at calderwoodbio@yahoo.com or call me at 868-3506.

Thanks! See you in the fall.

Mrs. C
